

## Mobile Device Investigations

November 2-4, 2020 | Denver Area, CO | Classroom

Learn current cell phone related strategies and techniques for any type of investigation. Explore and apply current practices for working with different cellular network providers, completing technology-focused search warrants, analyzing cellular provider call data, associating reported data to the investigation and effective case reporting strategies.

**\$395**

### About

Registration deadline is Friday, October 2, 2020.

Past participants had this to say...

*"The hands-on activities that covered reading cell towers and mapping were beneficial!"*

*"This training will help me in my missing children investigation and human trafficking cases."*

*"Understanding how to read cell phone records will help make my narcotics cases stronger."*

*"The instructor was very informative and proved he was an expert, I will highly recommend this class!"*

### What's In It For You

to meals, travel, and lodging.

## Post Training Detail

Another great training opportunity in Thornton, CO!

### Casting the Digital Footprint

Nov 5-6, 2020 | \$295

Gain an introduction into the psychology, or mindset, of those that commit sexually motivated crimes. Learn about sex offender typologies and patterns of behavior. Explore the relationship between paraphilia such as exhibitionism, voyeurism, and fetishism and criminal acts. Review and dissect real case examples to gain insight into offender modus operandi. Knowledge obtained can be applied during interview and interrogation to help resolve sexually motivated cases.

### Instructors

**Andrew Vallee** Special Agent, Tennessee Bureau of Investigation (TBI)

Andrew Vallee is Special Agent with the Tennessee Bureau of Investigation. He is currently a sworn law enforcement officer assigned to the Technical Services Unit and specializes in digital forensics, cellular network analysis, WiFi analysis, and various other technology related disciplines. Prior to joining the TBI, Special Agent Vallee worked as a Detective with the Metro Nashville Police Department. He has worked in law enforcement for 18 years and has been a law enforcement instructor for over 12 years. He is currently appointed to the Scientific Working Group on Digital Evidence (SWGDE) and is a member of the American Academy of Forensic Science - Digital and Multimedia Section.

**Edward Merritt** Detective, Criminal Investigations Division, Hamilton County Sheriff's Office

Detective Merritt is a 22 year veteran with a law enforcement agency in South East Tennessee. He is currently assigned to the criminal investigations division where he primarily works cases involving internet crimes against children. In addition to his current assignment, he serves as a technical adviser to his department's hostage negotiations team and is the team leader for the sheriff's underwater recovery team (S.U.R.T.). He is a P.O.S.T. certified Child Abuse Instructor and has received training in Advanced Investigation and Prosecution of Child Abuse and Exploitation through the National Advocacy Center. Since 2008 he has attended training in Modern Internet Communications and Cell phone investigations from the FBI and a number of the nation's private vendors. He is a strong supporter of training in the proper seizure of mobile devices and hopes to one day see a national standard in testifying to cell site location information.
